Professional Summary

Java Backend Developer | Oracle Database Specialist Computer Science graduate specializing in building scalable, secure distributed systems. Proficient in the Spring ecosystem (Boot, Security, JPA/Hibernate) with a focus on architecting robust RESTful APIs. Oracle Certified Specialist with a deep understanding of database optimization, data integrity, and high-performance backend logic.

Education

Saveetha School of Engineering **Chennai, India**
Bachelor of Engineering in Computer Science & Engineering *2023 – 2027 (Expected)*

Technical Skills

Languages: Java, SQL
Backend & Frameworks: Spring Boot, Spring Security, Hibernate / JPA, REST APIs, Microservices
Databases: MySQL, MongoDB
DevOps & Cloud: Docker, Git, GitHub, CI/CD Pipelines
Build Tools & Testing: Maven, Gradle, JUnit, Postman

Professional Experience

AI Intern **Aug 2025 – Dec 2025**
LearnFlu *Remote*

- Engineered ML models for predictive analytics, achieving **85% accuracy** on 10,000+ data points using **Python**, **TensorFlow**, and scikit-learn.
- Optimized training pipeline on **Azure ML**, reducing computation time by **30%** through hyperparameter tuning.
- Deployed AI-powered recommendation system in a team of 5, increasing user engagement by **25%**.

Technical Projects

E-Commerce Backend Service | GitHub | Live
Java, Spring Boot, PostgreSQL, Docker *2025*

- Architected scalable **RESTful APIs** with **Spring Boot**, implementing **JWT authentication** and RBAC for concurrent order processing and multi-tenant user management.
- Optimized **PostgreSQL** schema for high-throughput transactions and containerized the application with **Docker** for consistent deployment.

Advanced RBAC System | GitHub
Spring Boot, Spring Security, JWT, MySQL, JPA *2025*

- Built granular permission management with **Spring Security** and **JPA**, supporting dynamic role assignment and complex authorization hierarchies with **JWT** authentication.
- Developed automated **risk evaluation** with real-time security monitoring and instant session invalidation, backed by **MySQL** persistence.

Certifications & Achievements

- **Oracle Database Specialist Certification** — Oracle *Nov 2024*
- **1st Prize — Hackathon for AI-Powered Computer Vision Application** — SSE *2024*
- **Microsoft AI & Machine Learning Webinar Certificate** — Microsoft *Sep 2024*
